# Manufacturing in cities

**Dr John Bradford**  
CEO, High Tech Bristol & Bath CIC

# (re)Distributed Manufacturing

What does it look like?  
(in Bristol)

Distributed

Artisanal supply chain

Not suited to large volumes

Overshadowed by traditional  
manufacturing

Great PR value

Not commercially viable (yet)

# (re)Distributed (re)Manufacturing

Constraints to wider adoption,  
some thoughts

Capacity for absorbing innovation is  
limited

Blurring the distinction between  
'hobbyist' and 'professional'

Potentially high risk option

Part of a wider manufacturing  
ecosystem
